

**This is Green Lanes Primary Publication Scheme
on information available under the Freedom of Information Act 2000**

The governing body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

This guidance gives examples of the kinds of information that the Information Commissioner's Office (ICO) would expect schools to provide in order to meet their commitments under the model publication scheme. It will be of most use to schools developing their own guide to information. Alternative model guides to information for Nursery and Primary schools will be available when released by the ICO. In the meantime it is recommended that such schools adopt this approach but areas relevant only to Secondary schools are not included.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The ICO would expect schools to make the information in this document available unless:

- we do not hold the information;
- the information is exempt under one of the FOI exemptions or Environmental Information Regulations (EIRs) exceptions, or its release is prohibited under another statute;
- the information is archived, out of date or otherwise inaccessible; or,
- it would be impractical or resource-intensive to prepare the material for routine release.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available for you on our website <http://www.greenlanes.herts.sch.uk/> to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the latest model scheme for schools approved by the Information Commissioner.

We endeavour to make as much information as possible available online. The classes, below, provide links to information which is available. If any of the information is not available online, the scheme will explain how it can be accessed. We will continue to develop this scheme to increase the amount of information that can be accessed through it.

The school does not charge for information which is accessed on our website. However, we

may pass on costs for reproducing information or providing it in alternative formats, and we do charge for some specialist information services. Details of these costs are listed in the **Schedule of Charges**.
